#### Items to be discussed:

- 1) Discuss differences between Emura reference and these elements of claim 1:
  - a) "searching a database of attachment files previously stored in the e-mail server for a copy of the attachment file from the received e-mail communication"
  - b) "if a copy of the attachment file is located in the e-mail server, then removing the attachment file from the e-mail communication"
- 2) Discuss differences between Emura reference and these elements of claim 7:
  - a) "comparing the extracted attachment file header information with header information from attachment files previously stored in the mail store to determine whether the attachment files received with the e-mail communications are duplicates of previously stored files"
  - b) "if an attachment file is a duplicate, storing a link in the mail store between the e-mail header information and the previously stored attachment file"
- 3) Discuss differences between Emura reference and this element of claim 15:
  - a) "after the e-mail attachment file checking software determines that the attachment files in received e-mail communications are duplicates of attachment files in the mail store"
- 4) Discuss miscellaneous related issues.

Respectfully submitted,

THOMAS, KAYDEN, HORSTEMEYER  
& RISLEY, L.L.P.
